

Álvaro Lostal

Design Engineer. Software engineering and digital product design.

Santander, España · alvaro@lostal.dev · lostal.dev · GitHub · LinkedIn

ABOUT ME

Computer engineer from Santander, Spain, specialized in software engineering and digital product design. Currently in my final year of studies at the European University of the Atlantic.

PROJECTS

Seven Suite

[GitHub](#)

Modular employee portal with parking, office booking, vacations and directory. Built with Next.js 16, self-hosted PostgreSQL and shadcn/ui.

TypeScript · Next.js · PostgreSQL · shadcn/ui

Tally

[Demo](#) [GitHub](#)

Hospitality POS with QR bill splitting and traffic-light KDS. Multi-tenant SaaS built with Next.js 15, Supabase, Stripe and Spanish fiscal compliance.

TypeScript · Next.js · Supabase · Stripe

Graft

[Demo](#) [GitHub](#)

QR generator, 100% client-side. Extracts colors and favicon from any URL. No backend, no account, no data stored.

TypeScript · HTML5 · CSS3
